Sept 2	Lassen National Park TBA	TBA	Dave Weins 547-5191
Sept 9	Lassen National Park TBA	TBA	Dave Weins 547-5191

- * The PCT Section projects in June and July will be pack trips. The June project will cover from Rock Creek to Moosehead Springs. The July project will cover from Moosehead Springs to Stouts Meadow. The April project will cover from Lake Britton to a mile past Rock Creek. Contact Sam Burrows @ 547-5975 for more information.
- ** The fish plant will only have four lakes and each one is an overnight pack trip. This should be fun. We will need extra pack animals for camp gear and personal gear besides stock to haul trout. The Lakes are Diamond, Emerald, Lower Canyon Creek, and Granite.
